Description

Solar cover for a 366 cm pool with stainless steel frame, designed to provide efficient and durable thermal protection. This solution is made from resistant materials that guarantee performance even under adverse weather conditions, maintaining water temperature and reducing energy consumption.

Technical Features

- Width: 366 cm
- System: Pro/Fast Set 58242/58242H

The cover provides effective protection against evaporation, dirt and heat loss, making it especially useful for seasonal or permanent covered pools. Its design allows easy adjustment to different pool types without the need for additional tools.

Installation is quick and secure thanks to the integrated fixing system that facilitates complete assembly. The stainless steel frame ensures long-lasting use, resisting wear caused by solar exposure and environmental conditions.

Specifications

Width	366 cm
EAN	6941607354735
Long	366

Material	Acero inoxidable
Measures	366 cm
