Description

B-type access keys specifically designed for TIF-40D locks, with full compatibility and a standard design that facilitates integration into industrial and commercial systems. Made from tempered steel, they offer corrosion resistance and a unique key for enhanced security. Each set includes two units, optimizing secure access to controlled spaces.

Technical specifications

- Model: TIF-40D
- Key type: Type B
- Material: Tempered steel

The robust construction allows use in demanding environments, both mechanical and electronic. It facilitates secure access to restricted areas without the need for special tools during installation.

Installation is simple and straightforward, compatible with standard connections. It integrates easily into existing systems without requiring additional modifications, ensuring fast and efficient implementation in industrial or commercial environments.

Specifications

Colour	Steel
--------	-------

EAN	8422513541511
Material	Acero templado
Type of installation	Tipo B
