Description

Metal stool with safety railing, designed for industrial and commercial installations. Its structural metal frame guarantees resistance and durability in high-traffic environments. With two steps and an integrated railing, it provides safe and comfortable access to different levels.

Technical Specifications

- Dimensions: 869 x 450 x 45 mm
- Material: Structural metal
- Number of Steps: 2

Its minimalist design allows integration into various environments, maintaining a clean and functional aesthetic. It is especially useful in areas where safe access at height is required, such as warehouses, shopping centers, or industrial areas.

Installation is simple and quick, without the need for complex tools, facilitating its incorporation into new projects or replacements. Its robust construction ensures prolonged use with minimal maintenance.

Specifications
