Description

Sifer 4 Inserts SDS-Plus drill bit with a diameter of 5 mm and a length of 110 mm, designed for drilling in concrete, brick, and stone. Uses the SDS-Plus system for secure and efficient drill attachment, ensuring consistent performance in demanding structural work.

Technical Features

- Diameter: 5 mm
- Total Length: 110 mm
- Anchor System: SDS-Plus
- Materials: High-strength Steel

This drill bit offers excellent durability and precision in both vertical and horizontal drilling, making it especially useful for installers, masons, and professionals who require reliable tools. Its robust design allows intensive use without compromising performance.

It is recommended to use it with a compatible percussion gun to achieve maximum performance during drilling. It facilitates handling in various work environments thanks to its compatibility with different types of drill bits and easy manipulation.

Specifications

High	0.5
Width	11
Diameter	5 mm
EAN	8435012409176
Long	110 mm
Material	Acero de alta resistencia
Measures	0.5 x 11
