Description

Square head screw with metric thread M10x150, manufactured from high-strength steel according to DIN 603 standard. Designed for automotive body and metal structure applications, providing secure and durable fastening in demanding environments.

Technical Specifications

- Diameter: 10 mm
- Length: 150 mm
- Material: High-strength steel (DIN 603)
- Design: With round and square head
- Includes compatible nut

Its design facilitates installation in metal structures, making it suitable for industrial assemblies and body fastenings. The combination of mechanical strength and thread accuracy ensures reliable performance under high loads.

Installation is performed by inserting the screw into the corresponding hole and tightening with the included nut, allowing a secure connection without requiring special additional tools.

Specifications

Diameter	10 mm
EAN	8423469005232
Format	Con redondo y cuadrado
Long	150 mm
Length	150 mm
Material	Acero de alta resistencia (DIN 603)
Measures	1 x 15
Weight (kg)	10
