Description

The 30 W electric welder with two tips and Schuko support is a professional device designed for precise welding applications in industrial environments and crafts. Its 30 watt power and 220 V supply enable efficient performance in metal joining tasks. The Schuko connection system allows quick and safe installation without the need for additional tools.

Technical Specifications

- Power: 30 W
- Voltage: 220 V
- Connection: Schuko

This model stands out for its compact and robust design, suitable for intensive use in small industrial projects. Its durable construction ensures long-lasting operation under demanding conditions.

The welder includes two tips and a Schuko plug support, enabling secure and fast connection. It is recommended for repair, assembly, and manufacturing tasks where portable yet energy-efficient equipment is required.

Specifications

EAN	8435177802485
-----	---------------

Weight (kg)	30
Rated voltage	220 V
Nominal voltage (V)	220
