Description

The Phillips BITFLEX DIAMOND guide bit 1/4" short (PH2x25) is a precision tool designed for electronics and equipment repair applications. Its high-quality material construction ensures durability and resistance to wear during intensive use, making it ideal for tasks requiring precise adjustments in small components.

Technical Specifications

- Format: Phillips (PH2)
- Length: 25 mm
- Guide Diameter: 1/4"
- Materials: Stainless steel with diamond coating

Its design ensures a secure and precise fit, minimizing the risk of damage to sensitive components. It is especially useful in electronic device repairs such as smartphones, tablets, or audio equipment.

Installation is simple: just insert the bit into the compatible chuck of a drill or electric screwdriver. It is recommended to verify that the size and head type match the component specifications to avoid damage during the process.

Specifications

EAN	4003955319780
Manufacturer	WITTE
Format	Phillips (PH2)
Long	25 mm
Material	Acero inoxidable con recubrimiento diamond
Measures	2 x 25
