Phillips Diamond Point 1/4" Short PH3x25

Brand: Witte

Reference: TUR 27973

Phillips BITFLEX DIAMOND guide bit 1/4" short (PH3x25) for precision applications in electronics. Designed with flexible material for greater durability and fatigue resistance. Compatible with 1/4" diameter screws.

Description

The Phillips BITFLEX DIAMOND guide bit 1/4" short (PH3x25) is a precision tool designed for use in electronics and equipment repair. Its high-quality material construction ensures durable performance, ideal for tasks requiring accuracy and resilience. The tip incorporates BITFLEX DIAMOND technology that guarantees better adhesion and reduced wear during use.

Technical Specifications

- Head Format: Phillips PH3
- Total Length: 25 mm
- Guide Diameter: 1/4" (6.35 mm)
- Material: Special steel with diamond coating

Its design allows for precise fitting in sensitive electronic components and facilitates work in tight spaces. It is especially useful for repairing electronic devices, laboratory equipment, or technical assemblies where a durable and accurate tool is required.

Installation is simple: just insert the bit into a compatible drill or screwdriver with the 1/4" guide system. Its use ensures optimal performance without risk of damaging delicate components, making it a reliable choice for routine precision work.

Specifications

EAN	4003955319797
Manufacturer	WITTE
Format	Phillips PH3
Long	25 mm
Material	Acero especial con recubrimiento diamond
Shape	Phillips PH3
