Description

Standard flat tip tin guide 1/4" long 5,5x50 designed for precise mounting applications on flat surfaces. Its construction in stainless steel or resistant alloy ensures durability and reliable performance in demanding industrial environments.

Technical Features

- Diameter: 5.5 mm
- Total Length: 50 mm
- Connection: 1/4"
- Material: Stainless Steel or Resistant Alloy

This tip offers an ergonomic design and accuracy in measurement, facilitating its integration into control and measurement systems that require precision. Its easy handling allows simple installation without the need for additional tools.

The standard connection enables direct installation, ideal for applications where immediate compatibility with other system components is needed. It is recommended to verify specifications before installation to ensure proper operation in industrial environments.

Specifications

Diameter	5.5 mm
EAN	4003955310589
Manufacturer	WITTE
Long	50 mm
Material	Acero inoxidable o aleación resistente
