Stainless Steel Torx Tip 1/4" Short T15x25

Brand: Witte

Reference: TUR 28531

Stainless steel Torx tip, 25 mm long, for 1/4" thread.
Precise design suitable for mechanical and electronic
assembly.

Description

Stainless steel Torx tip designed for precise applications in mechanical and electronics assembly. Its construction from durable material ensures longevity in demanding environments. The tip fits systems with 1/4" thread and provides accurate fit without damaging the screw head.

Technical Specifications

- Type: Torx Tip
- Material: Stainless Steel
- Guide Length: 25 mm
- Thread Size: 1/4"
- Code: T15x25

Commonly used in the electronics, automotive and light machinery industries. It facilitates precise assembly and minimizes damage risks during the mounting process.

Installation is simple: insert the tip into the corresponding mechanism and use a drill or screwdriver with 1/4" thread to apply necessary force. Minimal preparation required, speeding up assembly processes.
