Description

Dark Runner safety glasses designed for visual protection in high-light environments. They feature polycarbonate lenses with anti-reflective coating and tempered acetate frames, ensuring durability and comfort during prolonged use. Their solar filter and 100% UV protection minimize glare and improve visibility in intense light conditions.

Technical Specifications

- Materials: Polycarbonate lens, tempered acetate frame
- UV Protection: 100% block of UVA and UVB rays
- Lens Color: Dark (polarized)
- Approximate Dimensions: 65 mm x 45 mm x 18 mm

These glasses provide clear and safe vision, reducing visual strain in bright environments. Their ergonomic design ensures a comfortable fit during extended use without causing discomfort.

It is recommended to periodically check the condition of the lens and frame to maintain visual protection integrity. Keeping them clean and properly stored extends their useful life and technical effectiveness.

Specifications
