Description

Portable work light with dual-power LED technology, designed for demanding industrial and labor applications. Provides a main luminous output of 200 lumens and an additional 20 lumens, ideal for tasks requiring precise visibility in low-light conditions.

Technical Features

- Luminous output: Main 200 lumens + Additional 20 lumens
- Power source: Standard alkaline batteries (not included)

Its robust construction allows use in workshops, industrial maintenance, and outdoor work where powerful and durable lighting is required. It facilitates work under adverse conditions thanks to its sturdy design and simple operation.

Installation is quick: just insert the batteries as per manufacturer's instructions. Its compact format enables easy transport and storage, making it a practical tool for professionals who need reliable illumination in any working environment.

Specifications

High	10
EAN	4007123641628
Manufacturer	Brennenstuhl

Material	Plástico
Measures	10 x 3.4 x 6.7
Protection	IP20
