Description

LED work light with hybrid Multi Battery system, capacity of 10050 mAh and IP54 protection. Designed to provide powerful and durable lighting in demanding environments where mobility is key. Uses high-efficiency LED technology, ideal for outdoor applications or temporary workplace environments.

Technical Features

- Battery Capacity: 10050 mAh
- IP54 Protection: Dust and water splash resistant

Its compact design facilitates transport and field use, making it especially useful in construction sites, emergencies, or areas without access to conventional electrical power. It provides a reliable solution for temporary lighting where autonomy and durability are required.

It is recommended for use in outdoor spaces or temporary work areas where fixed installations are not viable. Its hybrid system allows operation without the need for permanent electrical connections, ensuring continuous illumination during extended periods.

Specifications

High	25,80
Width	35,40
EAN	4007123681341

Manufacturer	Brennenstuhl
Long	17,70
Weight (kg)	4,7300
Protection	Resistente a polvo y salpicaduras de agua
