Description

Professional anodized aluminum stool with three adjustable steps, designed for use in industrial and commercial environments. Its lightweight but durable construction offers excellent durability and ease of cleaning. The ergonomic design allows comfortable use over long periods.

Technical specifications

- Material: Anodized aluminum
- Number of steps: 3
- Adjustable height: Yes
- Load capacity: 150 kg
- Net weight: 8.5 kg

Its modular structure facilitates transport and storage. It is suitable for offices, warehouses and commercial spaces where an ergonomic and durable solution is required.

Installation is simple thanks to its quick adjustment system and stable base. It can be used both indoors and outdoors, as long as it is kept under normal usage conditions.
