Description

The foldable steel Toolstep 1 step stool is an ergonomic and durable solution designed for industrial and professional environments. Its structural steel construction ensures high durability and a load capacity of up to 150 kg, making it ideal for use in workshops, warehouses or work areas where a stable and robust auxiliary seat is required.

Technical specifications

- Materials: Structural Steel
- Design: Foldable
- Seat: 1 Step

Its compact design facilitates transportation and storage, making it ideal for spaces with limited room. Additionally, its surface is easy to clean and maintain, contributing to optimal hygiene in demanding work environments.

It is recommended for installation on flat and stable floors. Its robust structure allows prolonged use without compromising user safety or comfort.

Specifications
