Description

The complete Pullpo extractor with suction capacity of 10-20 mbar is designed for industrial and commercial use, providing superior energy efficiency and quiet operation. It uses advanced filtration technology that effectively removes fine particles, odors, and air contaminants.

Technical Specifications

- Extraction Capacity: 10-20 mbar
- Standard Connection: 40 mm
- Rated Power: 50 W
- Protection Level IP: IP44

Its compact design makes it easy to integrate into confined spaces, making it ideal for environments requiring ambient air control. It is especially useful in work areas that generate smoke, vapors, or fine particles during industrial processes.

Installation is simple thanks to its standard connections and modular structure. Filters should be checked periodically to maintain optimal performance over extended use and ensure efficient operation under demanding working conditions.

Specifications

EAN	4021176021404
Manufacturer	Kukko
Format	Completo
Range	Industrial
