Description

Complete Pullpo extractor with suction capacity between 35 and 65 liters per minute. Designed for professional use in surface cleaning and industrial equipment, it provides an efficient and reliable solution in commercial and production environments.

Technical specifications

- Extraction power: 35-65 m³/h
- Operating range: 20-80 m³/h

Its advanced technology allows effective removal of vapors, particles and unwanted odors. It is especially useful in enclosed spaces where clean and healthy air needs to be maintained.

Installation is simple, requiring only standard electrical connection and proper ventilation. Recommended for use in commercial premises, workshops and industrial areas needing indoor air quality control.

Specifications

Airflow (m ³ /h)	35-65
EAN	4021176021442
Manufacturer	Kukko
