SDS-MAX Crossmax Drill Bit 16x550 mm

Brand: Guillet

Reference: TUR 7461

SDS-MAX Crossmax drill bit with a diameter of 16 mm and a length of 550 mm, designed for drilling in concrete and stone. It features advanced cutting technology for greater durability and efficiency in industrial applications.

Description

The SDS-MAX Crossmax Drill Bit 16x550 mm is a professional tool designed for drilling in resistant materials such as concrete, stone, and masonry. Its advanced technology ensures optimal performance in demanding industrial and construction applications. The drill bit incorporates an SDS-MAX coupling system that guarantees a secure and robust connection with percussion guns, facilitating its use during extended work periods without significant loss of efficiency.

Technical Specifications

- Diameter: 16 mm
- Total Length: 550 mm
- Coupling System: SDS-MAX

This drill bit stands out for its durability and ability to withstand intensive working conditions, making it ideal for drilling in reinforced concrete and other resistant materials. Its design ensures consistent performance over extended periods, minimizing the need for frequent replacement.

Installation is simple thanks to its standard compatibility with professional percussion tools. It is recommended to always use it together with appropriate equipment to achieve optimal drilling results and product longevity.

Specifications

High	1.6
Diameter	16 mm
EAN	3660354074613
Manufacturer	Guillet
Long	550 mm
Material	Steel
Measures	1.6 x 55
Weight (kg)	0.16
