SDS-MAX Crossmax Drill Bit 18x400 mm

Brand: Guillet

Reference: TUR 6741

SDS-MAX Crossmax drill bit with a diameter of 18 mm and a length of 400 mm, designed for drilling in concrete and stone. It incorporates optimized cutting technology for greater durability and efficiency in industrial applications.

Description

The SDS-MAX Crossmax drill bit 18x400 mm is a professional tool designed for drilling in concrete, stone, and similar materials. Its SDS-MAX technology allows efficient energy transfer and greater resistance to wear, making it ideal for demanding industrial applications.

Technical Specifications

- Diameter: 18 mm
- Total Length: 400 mm
- Connection Type: SDS-MAX

This drill bit delivers optimal performance in deep and precise drilling operations, making it especially useful in construction, demolition, and structural repair. Its design enables efficient operation even under intensive usage conditions.

It is recommended to use this drill bit with compatible percussion drills or pneumatic hammers that support the SDS-MAX system. The high-strength material construction ensures a long service life while maintaining effectiveness during extended applications.

Specifications

High	1.8
------	-----

EAN	3660354067417
Manufacturer	Guillet
Long	400 mm
Material	Steel
Measures	1.8 x 40
