SDS-MAX Crossmax Drill Bit 18x550

Brand: Guillet

Reference: TUR 3685

SDS-MAX Crossmax drill bit with a diameter of 18 mm and a length of 550 mm, designed for drilling in concrete and stone. It features advanced cutting technology for greater efficiency in industrial applications.

Description

The SDS-MAX Crossmax Drill Bit 18x550 is a professional drilling tool designed for industrial applications in resistant materials such as reinforced concrete and natural stone. Thanks to its SDS-MAX technology, it offers efficient energy transfer and compatibility with specialized drills, ensuring optimal performance in structural work.

Technical Specifications

- Diameter: 18 mm
- Total Length: 550 mm

Its construction using high-strength materials allows for durable operation under demanding conditions. This drill bit is ideal for precise and repetitive drilling, making it especially useful in construction and demolition projects where efficiency and stability are required.

It is recommended for use by trained personnel to achieve optimal technical results. Installation must be performed following the corresponding safety standards, using equipment compatible with the SDS-MAX system.

Specifications

EAN	3660354036857
-----	---------------

Manufacturer	Guillet
Long	550
Length	550 mm
Measures	18 x 550
Weight (kg)	1.8
