SDS-MAX Crossmax Drill Bit 20x400 mm

Brand: Guillet

Reference: TUR 4620

SDS-MAX Crossmax drill bit with a diameter of 20 mm and a length of 400 mm, designed for drilling in concrete and stone. It incorporates advanced cutting technology for greater efficiency in industrial work.

Description

The SDS-MAX Crossmax drill bit with a diameter of 20 mm and a length of 400 mm is designed for drilling in reinforced concrete and similar materials, offering high mechanical strength and durability. Its SDS-MAX technology enables efficient energy transfer and greater resistance to wear, making it ideal for demanding industrial applications.

Technical Specifications

- Diameter: 20 mm
- Total Length: 400 mm

This drill bit stands out for its performance in heavy construction work, facilitating precise and efficient drilling. Its optimized design ensures safe handling and smooth operation in industrial environments.

Installation is simple thanks to compatibility with standard SDS-MAX drill systems, allowing its use in routine tasks or complex projects. It is recommended to use it with appropriate equipment to maximize performance and ensure safe and accurate drilling.

Specifications

EAN	3660354046207
Manufacturer	Guillet
Length	400 mm

Material	Steel
Measures	2 x 40
