Description

The rechargeable MARTY 1W flashlight provides 1-watt LED lighting with a durable and efficient design suitable for both outdoor and indoor use. It features a USB-C charging system and IPX4 protection, making it ideal for adverse conditions.

Technical Specifications

- Brightness: 1 watt
- Light Type: LED
- Rechargeable via USB-C port
- IPX4 Protection

Its robust construction allows for use in outdoor activities, emergencies, or daily tasks that require a portable and reliable light source. It is especially useful for work in dark spaces or off-grid environments.

The flashlight charges easily via USB-C connection, facilitating maintenance and prolonged use without the need for additional batteries. Its compact design makes it comfortable to carry in backpacks, pockets, or belts for quick access at any time.
