Description

Rechargeable ICARO 5W flashlight with high-energy-efficient LED technology, designed to provide powerful and durable illumination in professional and recreational environments. Its LED lighting system ensures optimal performance with low energy consumption, ideal for outdoor use under adverse conditions.

Technical Specifications

- Power: 5 watts
- Light Type: LED
- Material: Durable aluminum
- Connection: Rechargeable via USB port

Its compact and robust design allows comfortable handling in adverse conditions. It is especially useful for outdoor activities, night work or emergency situations where a reliable light source is required.

The flashlight charges easily through a standard USB port, making it convenient to use anywhere. Its aluminum construction ensures durability and resistance to minor impacts, guaranteeing consistent performance under various environmental conditions.

Specifications

EAN	8003910140172
Manufacturer	Velamp
Long	400 m
Material	aluminio resistente
Power (W)	5
Protection	IP43
Nominal voltage (V)	5V
