Description

1-meter-long USB-A to USB-C synchronization and charging cable, designed to provide a fast and reliable connection between devices compatible with USB standards. Its implementation allows data transfer at speeds of up to 5 Gbps and provides charging current of up to 3 A, ideal for modern devices that require high performance in both aspects.

Technical Features

- Length: 1 meter
- Type A Connection: USB-A
- Type B Connection: USB-C

Fabricated with high-quality materials, this cable ensures extended durability and resistance to common wear during daily use. Its robust design facilitates frequent handling and plugging without risk of damage.

It is perfect for connecting smartphones, tablets, or any device compatible with USB-C to computers, chargers, or workstations. It is recommended for use in home and office environments where a practical and efficient solution is needed for charging and synchronizing electronic devices.

Specifications

High	0,8
Width	1,8
EAN	8003910140851
Manufacturer	Velamp
Long	1 metro
Material	Plástico
Weight (kg)	0,0200
