Description

1-meter USB-C to USB-C cable designed for fast data transfer and charging with full compatibility with USB 3.2 Gen 2 standards, allowing speeds of up to 10 Gbps. Its robust construction ensures durability for daily use, while its Type-C connectivity offers a reliable connection experience between modern devices.

Technical Features

- Length: 1 meter
- Connection: USB-C to USB-C
- Compatibility: USB 3.2 Gen 2, up to 10 Gbps

Perfect for file synchronization, fast charging of devices, and stable connectivity in home or professional environments. Its compact design facilitates handling and transport without compromising performance.

The cable is easy to install and does not require additional configuration. Recommended for users seeking an efficient and durable solution to connect their USB-C compatible devices, offering high-speed data transfer and fast charging.
