Replacement Simplex Stand-Up Gasket 80

Brand: Halder

Reference: TUR 3202.280

Replacement gasket for stand-up systems with a diameter of 80 mm and height of 150 mm. Made from vulcanized rubber, it offers appropriate chemical and mechanical resistance for industrial or commercial installations.

View product online

Description

Replacement gasket designed for stand-up systems, made from high-mechanical and chemical resistant vulcanized rubber. Its construction allows durable use in industrial or commercial environments where efficient sealing is required. Specifications: diameter 80 mm, height 150 mm, material vulcanized.

Technical Features

- Material: Vulcanized Rubber
- Diameter: 80 mm
- Height: 150 mm
- Compatibility: Stand-Up 80 System

This gasket offers resistance to abrasion and adverse chemical conditions, making it suitable for high-demand applications. Its design facilitates easy replacement without the need for special tools.

Installation is simple and quick, allowing efficient maintenance in environments with frequent replacement needs. It is especially useful in systems where durability and consistent performance under demanding operating conditions are required.

Specifications

High	15.0

Diameter	80 mm
EAN	4030618312079
Manufacturer	Halder
Long	150 mm
Material	Goma vulcanizada
