Description

Replacement rubber type stand-up designed for industrial and commercial applications, with high resistance to deformation and good adhesion. Manufactured with quality materials that guarantee its performance in demanding environments. Its design allows simple installation and compatibility with standard mounting systems.

Technical Features

- Material: High-resistance rubber
- Application: "Stand-up" support type

Its use is mainly oriented towards fixed or semi-fixed structures such as displays, industrial equipment and technical furniture. It is especially useful where stability under load and resistance to adverse environmental conditions are required.

The ease of installation allows quick replacements without prolonged interruptions. Recommended for repairs or replacements in systems that require durable and efficient vertical support.

Specifications

EAN	4030618316299
Manufacturer	Halder
Material	Goma de alta resistencia

Country of origin	Germany
