Description

The Click&Click Crown Adapter (14-30mm) is an accessory designed to connect lighting systems with click-type fastening, ideal for industrial and commercial installations. Its construction allows for a safe and rapid mechanical and electrical connection, without the need for additional tools. This adapter offers compatibility with various types of luminaires, facilitating integration in projects that require flexibility in design.

Technical specifications

- Internal diameter: 14-30 mm
- Connection system: Click&Click

Thanks to its robust design, this adapter guarantees durable operation under normal use conditions. Its easy installation speeds up the assembly process and significantly reduces execution times in works or maintenance.

It is recommended for use in environments where a fast, secure, and versatile solution is required for connecting luminaires with click&click system. It is especially useful in installations that seek simplicity without compromising the technical quality of the mounting.

Specifications

Diameter	14
EAN	4028655105600
Manufacturer	MPS
