Description

Parallel drawing guide designed for precision applications in manufacturing and assembly. Facilitates the creation of parallel lines with ± 0.1 mm tolerances, ensuring exact traceability on flat surfaces. Its construction in durable plastic allows prolonged use in industrial or office environments.

Technical specifications

- Material: Durable plastic
- Length: 20 cm
- Width: 1.5 cm
- Compatibility: Standard pencils, pens and markers

Its ergonomic design offers comfort during extended use periods, making it especially useful in technical drawing, architecture and offices where precise tracing is required. It facilitates work with conventional instruments without the need for additional tools.

Installation is simple: place the guide on the desired surface and draw with any compatible instrument. No special configurations or tools are required for daily use, improving efficiency in routine tracing processes.

Specifications

Width	1.5 cm
EAN	4262357553790
Manufacturer	Pica
Long	20
Length	20 cm
Weight (kg)	1.5
