Description

The Korpass Square Night LED Light is a 1W and 3000K auxiliary lighting device, designed to provide a warm and soft light in indoor environments without generating glare.

Technical characteristics

- Power: 1 W
- Color temperature: 3000 K
- Luminous flux: 5 lumens
- Power voltage: 230 V
- Frequency: 50 Hz
- Integrated sensor: yes
- Design: square and compact

This system offers discreet and pleasant lighting, perfect for creating a relaxing environment in spaces where direct light is not needed.

The installation is easy by connecting the device to the standard 230 V power grid. The light sensor automates operation by automatically turning on the lamp when the outer darkness exceeds the preset threshold, ensuring efficient and comfortable use without manual intervention.

Specifications

Frequency	50
Colour	White
EAN	8425160299637
Weight (kg)	0.0095
Power (W)	1
Nominal voltage (V)	230V
