Description

The black glass recessable frame ONLEX is a single-block system designed to integrate luminaires or decorative elements with a superior aesthetic finish and discreet on flat surfaces.

Technical characteristics

- Elegant matt black glass finish
- Robust structure of 1 glass element
- Direct anchorage system for secure fastening
- Corrosion resistant and durable material
- Compact design optimized for recessing

This frame transforms interior spaces by allowing light to stand out without visual distractions. Its smooth surface facilitates regular cleaning and maintains impeccable aesthetics over time, bringing depth and modernity to any installation.

The installation is simple and efficient: it fits directly into the prepared cavity of the structural support. It only requires basic leveling and standard mechanical fixing to ensure your final position without the need for additional specialized tools.

Specifications

High	Empotrar
Width	1 elemento
