Description

The POLAR REFLECTANTE WORKFIT jacket size M is a piece of labor protection designed to ensure visibility and thermal comfort in demanding environments. Made with polar technology, it offers superior resistance to extreme cold while maintaining the necessary breathability during active shifts.

Technical Features

- 100% polyester construction
- Weight of 280 g/m² for maximum durability
- Front closure with a robust zipper
- High collar in contrast with sleeves and elastic cuffs
- Large capacity side pockets with zipper
- Two reflective strips around the torso and arms

This attire provides integral protection against low visibility, ensuring the user is easily detected by machinery or vehicles. Its ergonomic design allows free movement without compromising safety or comfort.

Installation is immediate upon opening the main zipper and adjusting the elastic cuffs for a perfect fit. It is recommended for use in conditions of intense cold where thermal protection and reflective signaling are priorities for worker safety in any industrial or agricultural sector.

Specifications
