### Description

The Reflective Polar WorkFit Jacket size L is an industrial safety garment designed to offer thermal protection and visibility in demanding environments. Manufactured with high-cold-resistance technology, it combines a breathable fabric that ensures user comfort during prolonged work shifts in low temperatures.

#### Technical Features

- Material: 100% Polyester.
- Weight: 280 g/m<sup>2</sup>.
- Color: Navy blue with fluorescent yellow details.
- Front Closure: Full zipper.
- Collar: High with contrasting color.
- Sleeves: Adjustable elastic cuffs.
- Pockets: Side pockets with large capacity zipper.
- Reflectivity: Two reflective tapes around the torso and arms contour.

This jacket provides superior visibility thanks to its reflective elements, being fundamental for personal safety in risk zones. Its efficient thermal insulation protects against intense cold without compromising worker mobility or breathing.

Installation is immediate upon wearing it over underwear or base uniform. It is recommended to secure the elastic cuffs to maintain warmth and prevent entry of cold air currents, thus optimizing performance

in construction sites, warehouses, agriculture, livestock, metallurgy, and any sector requiring protection against cold and high visibility.
