Description

The Reflective Polar Workfit Jacket Size XL is an industrial safety garment designed to ensure visibility and thermal protection in demanding work environments. Its high-visibility technology combines durable materials with an ergonomic design that prioritizes comfort during long shifts.

Technical Features

- 100% polyester construction
- Weight 280 g/m²
- Front closure with zipper
- High collar with color contrast
- Elastic cuffs on sleeves
- Side pockets with high-capacity zipper
- Two reflective strips around the torso and arms
- High resistance to cold and low temperatures
- Breathable fabric for maximum comfort

This jacket offers superior protection thanks to its strategically placed reflective elements, ensuring the user is easily detected in low-light conditions. Its robust construction makes it suitable for work in construction sites, warehouses, agriculture, livestock farming, and metalworking.

Installation is immediate when worn over inner clothing or base uniform. The high collar provides additional insulation against cold air currents, while the elastic cuffs adjust perfectly to the wrist to

prevent the entry of external elements during active movement at the workplace.
