Description

The 680 grams Vatton rubber mace is a professional tool designed for controlled impact work in mechanical workshops and bodywork. Its construction combines a high density rubber head with a reinforced handle, ensuring power and precision on each stroke without damaging the treated parts.

Technical characteristics

- Total weight: 680 grams
- Head diameter: 65 millimeters
- Handle material: Non-slip coated glass fibre
- Mass distribution: Optimum head and handle for dynamic balance
- Vibration level: Very low rate per stroke
- Surface finish: Matt white colour

This tool is essential to shape metal parts, work in auto bodywork and perform tire services. Its ergonomic design allows direct force to be applied with greater comfort, reducing the risk of muscle fatigue injuries during intense days.

Management requires only a correct posture of the body to maximize the transfer of energy from the arms to the working surface, ensuring clean and efficient results in industrial applications. The low vibration rate significantly reduces fatigue in intensive use, being ideal for repetitive tasks.

Specifications

Colour	Matt white
Diameter	65
EAN	8425160493509
Measures	680 gramos; 65 milímetros
Weight (kg)	0.915
