Description

The Vatton rubber mace is a professional tool designed for intensive work in automotive workshops, offering a perfect balance between power and control thanks to its robust construction and advanced damping technology.

Technical characteristics

- Total weight: 450 grams
- Head diameter: 55 millimeters
- Head material: high density rubber
- Handle material: glass fibre with non-slip coating
- Ergonomic design to reduce fatigue
- Low vibration index per stroke

Its optimized design allows to apply precise force in bodywork, tire service and metal forming without damaging the base material. The durability of its components ensures reliable performance even under demanding conditions of use.

The installation does not require complex steps; simply hold the ergonomic handle firmly to start working. Its low vibration facilitates prolonged handling, minimizing the tension in the hands of the operator during long repair or vehicle maintenance sessions.

Specifications

Colour	Black
Diameter	55
EAN	8425160493769
Material	Goma
Weight (kg)	0.6963
