Description

The Dorcas Derecho lock is a robust security device designed to protect entrance doors, incorporating bolting technology to overcome with safety cylinder on both sides.

Technical characteristics

- Body measurements: 29x50mm
- Swivel cap anti-press
- Key cylinder serreta
- Includes three spare keys
- Four round buttresses reinforced
- Complete kit with mounting screws

This system significantly increases the protection against intrusions, ensuring tight closure and resistant to forced handling in residential or commercial applications.

The installation is easy thanks to the screw kit included. It is recommended to align the body with the door frame before fixing the reinforced bullions to ensure a fluid operation of the internal mechanism.
