Description

The Pomo Input Handlock is a comprehensive security handlebar system designed to ensure indoor privacy and controlled access from the outside by key. Made of matt black finishes, it combines robustness and modern aesthetics for doors of various thicknesses.

Technical characteristics

- Metal body in steel or zamak
- Handle made of aluminium
- Matt black finish
- Adjustable lace 60/70mm
- 65mm Rosette
- Compatible door thickness between 30/55mm
- Handle length available in 100/120mm
- Includes set of 3 brass keys

This mechanism offers a complete solution for residential security, allowing the blocking from outside and free opening from inside without the need for tools. Its design ensures smooth and durable operation over time.

The installation is simple thanks to the kit included with screwdriver and specific locksmith. It adapts perfectly to most standard doors, facilitating professional assembly in a short time.

Specifications

Colour	Black
Diameter	65mm
EAN	8425160493967
