Description

The 65mm Round Handlock Pomo is a security and step control accessory made of glossy brass, designed to ensure the integrity of doors against theft. Its robust construction and polished gold finish give it a premium aesthetic while performing essential technical functions in locksmithing systems.

Technical characteristics

- Material: Brass gloss with metal body in steel or zamak.
- Diameter of the knob: 53mm.
- Lace measure: Adjustable between 60mm and 70mm.
- Rosette: Diameter of 65mm.
- Compatible door thickness: Between 30mm and 50mm.
- Finished: Bright, polished, reflective gold-coloured brass.
- Includes: Complete installation kit with screwdriver and locksmith.

This device offers an effective solution for access control, combining mechanical resistance with an elegant design that adapts to various architectural environments. Its interior and exterior functionality allows its versatile use in different security configurations.

The installation is easy thanks to the included kit, allowing fast and safe assembly. It is only necessary to adjust the lace according to the measures of the door to ensure an optimal fixation of the knob and

rosette, thus ensuring the correct functioning of the passing system.

Specifications

Colour	Dorado
Diameter	53 mm
EAN	8425160494285
Format	Redondo
Material	Steel
Measures	53 mm
Weight (kg)	0.374
