Description

The round Handlock office knob is a security and access system that combines polished gold aesthetics with robust functionality, designed to protect interior spaces by means of an internal step mechanism and key-locked exterior closure.

Technical characteristics

- Diameter of the knob: 53mm
- Rosette: 65mm
- Adjustable lace: 60/70mm
- Compatible door thickness: 30/50mm
- Body material: steel or zamak
- Finished: polished golden shiny brassed
- Includes set of 3 brass keys and installation kit with screwdriver

Its reflective metallic design brings elegance to receptions, offices or private areas, ensuring a safe closure from the outside while allowing free movement from the inside without the need for tools.

The installation is simple thanks to the complete kit supplied, adapting perfectly to standard thickness doors in offices and residential buildings, ensuring a firm and durable fixation with the screws included.
