Description

The POLAR REFLECTANT WORKFIT jacket size 3XL is a piece of labor protection designed with high-visibility technology to ensure safety in low-luminosity environments. Its robust construction combines advanced technical materials with an ergonomic fit, optimized for workers who require mobility and comfort during extensive shifts under adverse weather conditions.

Technical Features

- 100% high-strength polyester construction.
- Structural weight of 280 g/m² for maximum durability.
- Polarized design with thermal insulation against extreme cold.
- Full front closure via high-quality zipper.
- Reinforced high collar with contrast color finish.
- Elastic cuffs on sleeves for heat retention.
- Large capacity side pockets with zipper closure.
- Two strategic reflective tapes around the torso and arms.

This jacket offers superior benefits in sectors where visibility and warmth are critical, providing an effective barrier against low temperatures without sacrificing freedom of movement. Its professional aesthetic with navy blue and fluorescent yellow details ensures the user is always visible to machinery and colleagues.

Installation is immediate upon wearing it over thermal underwear, taking advantage of its high collar to

protect the face from wind. It is recommended to keep zippers closed during prolonged exposure to intense cold to maximize body heat retention.

Specifications

Colour	Yellow
EAN	8425160494759
Material	Poliester
Weight (kg)	0.637
Size	3XL
