White horizontal recessed frame for 3 ONLEX elements

Brand: ALFA

Reference: ALFA 23857

Horizontal recessable frame of the Onlex series for three elements, made with durable ABS finish. Its structure optimizes the space on electrical panels and facilitates quick installation by simple wall mounting. Robust design ensures durability against adverse environmental conditions while maintaining orderly management of connected circuits without the need for special tools.

Description

The S-EMPOTRAR ONLEX horizontal recessable frame is an electrical distribution system designed for wall-mounted installations, manufactured with high durability technology and pure white aesthetic finish.

Technical characteristics

- Material: Finished in high resistance ABS.
- Settings: Built-in series with 3 elements.
- Orientation: Horizontal model optimized for reduced spaces.
- Installation: Easy assembly and quick adjustment system.

This product guarantees an orderly management of the electrical circuits, offering mechanical protection to the connected devices and keeping the aesthetics clean of the wall after installation. Its robustness ensures safe operation in standard residential or commercial environments.

For start-up, it is necessary to make an appropriate cut on the wall with the measures specified by the manufacturer, clean the area and place the frame securely before inserting the corresponding electrical modules.

Specifications

Colour	White
EAN	8425160238575
Material	ABS
# Elements	3 elementos
Weight (kg)	0.0573
