Description

The Embedded Horizontal Graphite Frame 3 Onlex Elements is a technical accessory designed to integrate and protect modules of the same series in recessed installations. Made of high strength materials, it ensures a solid and durable fixation in demanding environments.

Technical characteristics

- Composition: High quality graphite and ABS
- Settings: Three-module horizontal framework
- Function: Specific plugin for Onlex series elements
- Design: Robust structure for recessing

This framework offers a comprehensive solution to organize electronic or electrical components, ensuring their stability and facilitating maintenance. Its construction allows a uniform distribution of heat and protects internal modules against external impacts.

The installation is simple and quick, requiring only the correct positioning in the corresponding recess box. By fitting perfectly with the elements of the series, it creates a professional and orderly finish in any technical infrastructure project.

Specifications

Colour	Grafito
EAN	8425160240837
Material	ABS
# Elements	3 elementos
Weight (kg)	0.0587
Type of installation	Flush-mounted
