Description

The S-EMPOTRAR recessable frame of the Onlex series is a technical solution designed to integrate elements into surfaces, offering a clean and professional finish through its aluminium structure. Its technology allows a safe and aesthetic fixation in different environments.

Technical characteristics

- Material: Aluminium
- Finished: Silver
- Configuration: 1 item
- Series: Embedded Onlex

This component guarantees a perfect integration in design projects, providing robustness and an elegant look that enhances the functionality of the space where it is installed.

For installation, it is necessary to prepare the corresponding gap according to the measurements of the element and proceed with the proper mechanical fixation to ensure its stability and correct settlement on the surface.

Specifications

Colour	Plata
--------	-------

EAN	8425160241971
Material	Aluminio
# Elements	1 elemento
Weight (kg)	0.0658
