Description

The 70mm Handlock round handle knob is a metal accessory designed for the fluid opening of interior and exterior doors, made of steel or zamak with matt nickel finish that offers corrosion resistance and modern aesthetics.

Technical characteristics

- External diameter: 70mm
- Rosette diameter: 70mm
- Body material: Steel or Zamak
- Finished: Nickel mate
- Includes installation kit with complete screwdriver

Its matt surface brings visual elegance to any environment, from offices to private residences, combining functionality with a contemporary design that highlights the quality of the metal without excessive reflexes.

The installation is simple by means of the included kit, ensuring a robust fixation on the door without the need for additional specialized tools, ensuring safe and durable assembly.
