Description

The 300mm Vatton parrot plier is a professional tool designed for the precise extraction of nails and wires in carpentry and plumbing works. Its hardened jaw technology ensures a firm grip without damaging the surrounding material, combining power with manoeuvrability in reduced spaces.

Technical characteristics

- Total length: 300mm
- Opening range: 0-48mm
- Mandible material: High Quality Vanadium Chrome
- Surface treatment: Hardened jaws for maximum durability
- Locking mechanism: PushLock button for quick change of position
- Ergonomics: Non-slip handle for safe control

Its robustness makes it the preferred option for complex disassembly where it is necessary to extract embedded metallic elements with safety and efficiency, avoiding unnecessary effort to the operator.

The installation is immediate; simply adjust the PushLock button according to the need for opening and use the non-slip handle to exert the required force. Its compact design allows its use in hard-to-reach areas without compromising the stability of the grip during operation.

Specifications

EAN	8425160495633
Long	300mm
Material	Cromo
# Elements	1
Weight (kg)	0.598
