Description

The 40 cm Oxford Tool Bag is a robust transport system designed for professionals who need to safely organize and move equipment in demanding work environments. Made with Oxford high density technology, it guarantees extreme durability against daily wear.

Technical characteristics

- Total measures: 40x20x30cm
- Outer fabric: Oxford high density
- Main handle: Rigid metal with rubber coating
- Access mouth: Width for easy filling
- Internal organization: 4 front pockets and 4 rear pockets
- Side pockets: 1 large on each sideband
- Auxiliary handle: Shoulder for hanging transport

This equipment offers a great storage capacity, protecting the tools against scratches and tears thanks to its resistant construction. Its optimized design allows to keep all the material tidy and accessible during the full working day.

The installation is immediate by deploying the folding handle of 40 cm and securing the bag in the work area. It is recommended to use the shoulder handle to distribute the weight and facilitate the transfer between different points of the workshop or work without excessive physical effort, optimizing the

ergonomics of the user.

Specifications

EAN	8425160495657
Long	40
Measures	40x20x30cm
Weight (kg)	1.34
