### Description

The Motosierra Poda Worgrip 20V is a professional electric tool designed for pruning and branch cutting jobs, equipped with Brushless technology that ensures efficient and durable performance.

#### Technical characteristics

- Chain speed: 0 - 10m/s
- Sword: 127mm
- Chain: 1/4"
- Guide: 1.1mm
- System: Anti-heating Brushless motor
- Compatibility: All 20V Worgrip lithium batteries
- Ventilation: Integrated ventilation slots

Thanks to its enhanced ergonomic design and secure ignition trigger, this saw offers comfort during prolonged use. Includes saw guard and lock button for greater operational safety.

Its versatility allows for precise cuts in professional gardening and light forest maintenance. The automatic lubrication system ensures the constant care of the chain.

The installation is immediate when connecting the compatible battery, without the need for additional tools. Just make sure to check that the sword is properly mounted before starting any cutting task.
