Description

The 65mm round Handlock knob combines a matt nickel finish with a robust metal construction, designed to manage door access of various materials with safety and durability.

Technical characteristics

- Diameter of the knob: 53mm
- Rosette: 65mm
- Adjustable lace: 60/70mm
- Compatible door thickness: 30/50mm
- Metal body in steel or zamak
- Finished nickel matte
- Interior and exterior of passage

Its robust construction allows a fluid and lasting operation, being fundamental for the safe management of entrances in commercial premises, offices or houses that require a reliable mechanism of opening without compromising the aesthetics.

The installation is easy thanks to the kit included with screwdriver and locksmith. It adapts perfectly to the existing rosette and ensures a stable fixation on standard thickness doors without the need for additional specialized tools, facilitating their installation by general technical staff.

Specifications
