Vatton 60cm Rectangular Adhesive Aluminum Level with Magnet

Brand: ALFA

Reference: ALFA 49617

60cm rubberized Vatton aluminum level with magnetic neodymium base and ergonomic grips. It incorporates three UV-resistant high visibility bubbles for measurements at angles of 0o, 45o and 90o. It has a millimeter scale and maximum tolerance of 1 mm per meter, guaranteeing standard precision in demanding jobs without leaving marks.

Description

The 60cm Straight Aluminium Level Vatton is a professional tool designed to ensure precision in construction and assembly work. Its impact-resistant aluminium structure ensures durability in demanding environments, while high-visibility bubbles facilitate fast and accurate readings.

Technical characteristics

- Structure of reinforced aluminium
- Total measure of 60 cm
- Three precision bubbles in 0o, 45o and 90o
- Maximum tolerance of 1 mm per meter
- Measuring scale in millimetres
- UV-protective coating
- Operating range between -20°C and +60°C
- Magnetic base with neodymium magnet
- Ergonomic grips on both sides
- Orifices to hang the tool

Thanks to its magnetic base, it can be firmly attached to metal surfaces without leaving any color marks when drawing lines. Its robust design and comfortable grips optimize handling over long working hours.

The installation is immediate: simply place the level on the surface to be measured or use the magnet to adhere to the metal. Make sure the bubbles are centered on your tubes to confirm the horizontality or verticality required before proceeding with any final marking or adjustment.

Specifications

High	60 cm
Width	60 cm
EAN	8425160496173
Long	60
Material	Aluminio
Weight (kg)	0.429
